BOULEVARD PROPERTY OWNERS MAKE A MISTAKE.

A Baker's Dosen Who Were Gives Benefits by a Former Jury Are Left Out at the Second Trial of the Case.

The verdict in the matter of the grading of Benton boulevard from Fifteenth to Twenty-fourth street was filed in the circult court yesterday. The jury found the benefits to be \$550 and assessed damages to that amount against the various property owners on the boulevard. This was the second trial of the case and

the verdict shows that it would have been money in several persons' pockets if they had kept still, and not demanded a new trial. nad kept still, and not demanded a new trial. The first verdict assessed \$1.550 in damages and gave seventeen persons benefits of a corresponding aggregate, against four persons under the second verdict with a total of \$550.

Mary E. Livers, S. M. Jarvis, and the North American Trust Company were given \$300 under the new verdict, and thereby made a gain of \$25, their former verdict being \$275. Helen A. Francis got \$150, as against \$165 at the first trial. A. E. Smith got \$50, as against \$160 at the former trial. Jacob Rehm got \$50, which is a clear gain for him, as he was given nothing by the first jury. The following persons received benefits under the first verdict, and were left out at the second trial, with no benefits at all: E. C. Francis, \$50; B. F. Thompson \$100; Maria Vogl, \$50; H. A. Mayer, \$50; G. E. Walter, \$50; Jennio Walsh, \$50; S. L. Conklin, \$60; J. E. Lawrence, \$50; Oscar Tiffany, \$50; George S. Graham, \$75; C. L. Hayes, \$75; W. B. Minni, \$50; G. E. Wilkins, \$50; J. C. Bermingham, \$50.

There will probably be a lively scramble to get another trial on the part of those whom the second jury did not treat as considerately as the first six good men and true.

The city was not assessed any damages. made a gain of \$25, their former verdict

The city was not assessed any damages whatever. A singular feature of the case was that thirteen property owners were omitted from the list of beneficiaries of the first jury.

OFFICIALS ARE HYPNOTIZED. moters Hold the Ear of Authority While City Departments Are

Turned Down.

official of the city government yesterday,

humiliating," remarked a high

companies should get their views accepted in preference to those of the legal and engineering departments? What is the use of having a city counselor to construe our charter and ordinances, if these promoters can have their decisions accepted rather than those of the legal department? What is the use of having a city engineer if he is to be overridden on questions pertaining to his department?"

The immediate cause of this protest was the spectacle presented at the last meeting of the board of public works. City Counselor Middlebrook decided that open specifications are legal but the attorneys and agents for the promoting paving companies swayed the opinions of more than one member of the board. The old monopoly system of petitions has become so engrafted on the custom of street paving that to attack it is considered sacrilege. People have become so thoroughly convinced by the constant dinning of the promoters that the charter gives them the right to select the brands they desire that so sincere and honest an official as President Graham, who is heartly in favor of open specifications, remarked that the board of public works has not control over residence streets.

The promoters have harped on their syscompanies should get their views accepted

residence streets.

The promoters have harped on their system and pulled the wires so long that a company whose officials are always found fighting the Republican party holds the

ear of city officials and is allowed to "hypnotize" them.

The city engineer recently declared to the board that the old concrete on the Southwest boulevard should not be used in the repairing, but the board turned down the engineer and took the word of the Barber Asphalt Paving Company. This section of the boulevard was ordered paved as a business street but the board accepted the petition for Trinidad asphalt in the old way in vogue on residence streets. Why?

CAN SELL THE WATER.

City Counselor Middlebrook Finds No Law Which Will Hold the Metropolitan Water Company.

City Counselor Middlebrook said yesterday that he could find no law which will prevent the Metropolitan Water Company from selling water to Losen & Gerhart, of the Stock Yards Transit house. The facts the Stock Yards Transit house. The facts in the case make the matter entirely a private arrangement with which the city cannot interfere. No city property of any sort is used by the company and no ordinance exists to prevent private parties from giving a right of way.

Losen & Gerhart hold a lease on the hotel bar property under which water is to be furnished free. The stock yards company has given the water company a right of way over the property of the stock yards company. There is not even a provision under which the Metropolitan Water Company can be required to pay a license for competing with the city in this one instance.

Sixty Allotments Made.

Fifteen more allotments to Pingree tracts were made by the agricultural commission yesterday, making about sixty families which are being assisted. The work is fairly well under way, despite the continued rainy weather.

HE WAS TOO PARTISAN.

Government Gauger Dismissed Fron the Service-Mart Todd to Succeed Him.

Henry Ulinger, who has been the gauger for the internal revenue department at Bt. Joseph for a long time, was ordered removed by the commissioner last week. removed by the commissioner last week. The exact offense was not officially stated, but it was understood to be an unnecessary fidelity to petty partisan politics.

The vacancy has been filled by Collector Kellogg transferring Mart Todd, of the Kansas City office, to St. Joseph. He will go to his new position to-morrow. He has been employed in the office here for several years and has held different positions with satisfaction.

Do you want to sell your business? An Ad in the Business Opportunities column is the surest and quickest way of getting a

Second Service for Young Men.

The second of the Sunday evening services by the young men of the First Congregational church will be given this evening. The general topic is "The Monk," who is taken as one phase of the develment of Christian manhood. Clarence S. Palmer will give a short talk upon Bernard, of Clairvaux, and his gospel of work, and James S. Gilbert will present the subject of "The Monk and Agriculture." There will be special music by the choir.

CRISP BACON.

He Who Did Not Write Shakespeare's Plays.

"A man's nature runs either to herbs or weeds, therefore let him seasonably water the one and destroy the other." In other words, cultivate your powers and put aside the things which rob you of strength and energy, which can be turned into money and fame.

Of course "the crowd" float along and don't care much what happens, so they can deaden the body with narcotics like whisky, coffee and tobacco, but there are those who have the Divine desire to amount to something in this world, and to such these

words are addressed.

If you have constitution enough to stand whisky, coffee and tobacco, well and good. If not, trade them off for success, and that only comes as a result of energy enough

only comes as a result of energy enough to apply oneself. It coffee interferes in the least with your digestion, nerves or heart, drop it. Success is worth more than coffee.

Use the food drink, Postum. It has much the color and taste of coffee, but is made of powerful pure food elements that sustain and nourish body and brain, and the beverage is of a most toothsome character. Sold by grocers.

THE PRICES PEOPLE PAY FOR COODS THAT SUIT THEM. Below are a few letters from our alphabet. You'll get the rest of the series by looking through the store. A staff of genteel and never obtrusive employes will gladly show you the vast possibilities of the language based on our alphabet. There can be no longer any difference of opinion as to whether the old Latin or modern English or any other language is capable of most complete expression, with the people who have once learned to talk and think and understand in "Bernheimers". This language is powerfully eloquent. It breathes concentrated economy, elegance of attire, and combinations of everything that contribute to material happiness. Then, we teach mathematics: multiplication of values and addition in quality; equality of treatment; division of profits with our custo mers and subtraction from other merchants' prices. We also give practical illustration of good manners in the way our clerks and floor walkers show their polite willingness but not unpleasant anxiety to serve you. A buying power unparalleled in the West puts us at our ease in offering you at all times values that cannot be approached by competition. If you haven't learned the Bernheimer language already, commence while THE MAY SALE makes it easier than ever to learn. Commence Right Here.

ing and continuing throughout the entire week you will have an opportunity such as seldom presents

HE DECEIVED THE OFFICER. Harry Alley Lost His Wife, Bertha

but Told the Police His Sister Had Run Away. When a man goes to an officer to obtain information on any subject the best thing he can do is to stick to the truth and tell the whole story. Otherwise he leaves the officer all at sea and defeats his own pur

A case in point is that of Harry Alley and his wife, Bertha, in which the wife has disappeared and is supposed to be in St. Joseph, while her husband is making strenuous efforts to find her. When Alley went to Colonel C. J. Greenman, the Humane officer, for aid, he said his name was John Redick and that Bertha Redick was his sister, who had been keeping house for him. He said she was but is years old, which was true, and that she had been enticed away, which is probably not a fact, as it looks as if she had gone of her own accord. Alley also gave a wrong address when asked where he had resided. His excuse for giving wrong names and His excuse for giving wrong names and ddress was that his wife's brother did address was that his wifes prother that not want her name to become public property. Their home is, in fact, or was, at 355 Independence avenue, but since her disappearance he has been boarding at the Virginia house. Colonel Greenman inter-

viewed Alley yesterday and worme facts out of him with difficulty. wife's maiden name was Hazel West. POVERTY KEPT HIM AWAY.

Ferdinand Kahn Could Not Face His Wife and Child With the Old Story, "No Work."

The case of Ferdinand Kahn and his wife, of 531 Locust street, is a sad one. He disappeared from his home ten days ago, as was reported in The Journal, and when he did not return his wife became alarmed and his little girl worried herself into a sick spell. Mrs. Kahn applied to Humane Offi-cer Greenman, and yesterday the missing man was found and brought in to confront his wife.

man was found and brought in to contront his wife.

It appeared that Kahn, who was at one time in the employ of the Adams installment house, has been out of work lately and became despondent. He is not a drinking man, but he simply could not go home and face his wife and child with the old story of poverty. There are a great many men built that way. When he did come home, friends assisted in straightening out matters and, with the Humane officer, will interest themselves in securing work for Kahn this week. He and his wife left the city hall together and will start over again, the husband having promised not to stay away from home hereafter, even when his pockets are empty.

QUARTER OF A MILLION DOLLARS FROM INSURANCE COMPANIES.

mense Sum of Money in Taxes at a Nominal Cost for Collecting-Insurance News.

Under the laws of the state of Missouri, the superintendent of the insurance depart-ment make an annual assessment against all foreign insurance companies licen do business in the state in the form of a tax of 2 per cent on gross premiums r ceived by said companies on their business as shown by the official report. On April 15, official notice of the amount of taxes assessed against each company was mailed direct to their home offices and on May 18, the last cent of this tax, amounting in all to \$23,306.17, was paid into the state treasury. This vast sum of money was assessed and collected from these companies at a total cost of a 2-cent postage stamp on each letter mailed. It was paid without question and without defalcation or reduction of a cent in any amount.

Superintendent Orear's collections under this law exceed any former sum collected in any one year since the adoption of the 2 per cent law by over \$13,000. The foreign licensed insurance companies in Missouri are not only the most prompt, but the most careful and reliable taxpayers who contribute to the support of the state government. ceived by said companies on their business

Mandamus Writ Denied.

JEFFERSON CITY, MO., May 21.—Judge Burgess filed an opinion yesterday in division No. 2 of the state supreme court in the case of the application of the supreme lodge of the Fraternal Union of America, of Denver Col., for a writ of mandamus to compel Superintendent of Insurance Orear to issue the company a license to do business in Missouri as a fraternal and beneficiary association. The application was refused because he believed that the company had no right to do a fraternal susiness under its articles of association, in which opinion the supreme court sustains the superintendent. Mandamus Writ Denied.

K. C. L. U. Meeting.

was held at the Midland hotel on the 16th inst. Lunch was served to about twenty of the members and a general good time prevailed. A new set of by-laws was introduced and referred to the executive committee. The secretary was authorized to announce as a special order for the next meeting, the consideration of the new by-laws in which several important changes are made, and the selection of delegates to the national convention which meets in Minneapolis in August.
